

Dear Parents and Carers,

3rd March 2021

Lateral Flow Testing:

This quick and simple test will assist us in keeping the school a safe place for staff and students.

If you have not already completed the online consent form, please do so as soon as possible. You must complete this form to say YES or NO to testing. It is important we have a response from all parents.

IMPORTANT:

If your son or daughter has been tested at a testing centre and has tested positive for Covid they **must not** do a Lateral Flow Test for **90 days** from the end of their isolation period as it could show a false positive due to the residue effects of their body fighting the virus.

Please contact your child's Head of Year if this applies to them.

All the information about returning to school and testing can be found on our school website Covid19 Return to School Page
